

# CHOOSE RESPECT

RESPECT IS TO TREAT WITH CARE AND CONSIDERATION

Gary Butcher and John Castrilli at the first Choose Respect forum in Bunbury.

## Launch open to the community

THE community will be invited to join in the celebrations when the Choose Respect initiative is launched this weekend.

The idea of the event is to raise awareness of the drive behind Choose Respect, which centres on having care and consideration for others.

Choose Respect creator Gary Butcher said the event will be a great opportunity for the people of

Bunbury to talk to the management team about making Bunbury a Choose Respect city.

"A Choose Respect city is a place where everyone treats each other with care and consideration which means there would be less crime and we would all live in a happier, safer and healthier environment," Mr Butcher said.

Mr Butcher said he hopes Bunbury can become a place where under-

standing is the norm, not the exception.

Anyone interested in becoming a Choose Respect champion can come along to Paisley Square on the corner of Stephen and Arthur Streets from 10am to 2pm this Saturday.

Pick up a Choose Respect wristband or put your handprint on the Choose Respect banner to show your support.

## Business focus with campaign

FIND out how your business can benefit from becoming a champion of Choose Respect at a workshop this month.

Choose Respect creator Gary Butcher is coordinating the workshop which will give participants information and outline the Choose Respect code of behav-

our.

"We want to sit down with businesses and look at different ways Choose Respect can benefit them and discuss how they might implement it in their workplace," Mr Butcher said.

The workshop will also give business leaders the

chance to network with likeminded people who are interested in making the community a better place to live.

The Bunbury Chamber of Commerce and Industries sponsored workshop will be held on October 20 from 7pm at Chamber House at 15 Stirling Street.
